

Scenario #1

The following incident occurred on June 23, 2008:

Michael Gomez arrived at the home he shares with his wife Deborah Gomez. Michael had been drinking before he arrived home and as soon as he walked in the door he started arguing with Deborah. Michael then approached Deborah and started groping her telling her that he wanted to have sex. When Deborah refused, Michael became extremely agitated and jumped on top of Deborah. Michael grabbed Deborah by the neck and strangled her. Deborah was trying to scream, scratch and do whatever she could to get Michael off of her. At one point Deborah passed out and when she woke up on the floor, Michael wasn't in the room.

In the past Michael has been charged with domestic violence for punching Deborah. Since the last time he was charged, he chokes Deborah rather than doing anything that might leave marks.

As a result of the attack Deborah could barely speak, had scratch marks around her neck and some swelling under her right eye. Michael who is bald, 6'2'' and weighs 235 pounds had scratches on his head, face and neck.
